Welcome

Welcome to the Ann Arbor Church of Christ! We are so glad God brought you to us today and it's our prayer that He will use us to bring you even closer to Him.

During our Sunday morning worship hour we offer a Bible-based worship program for children ages 3 through 1st Grade, and 2nd-4th Grade. Children who wish to participate will be dismissed after the Lord's Supper. There is also a cry room for training small children in the back of the auditorium where you and your children can still see and hear the service.

If you would like to know more about us, our services, or our ministries, one of our shepherds or ministers will be happy to talk with you. We would love to help you in any way we can!

Our Shepherds:

Terry Dalrymple 769-7367
 Jon Keith 747-6827
 Karl Luttrell 995-4407
 Jim Mattocks 433-0217

Trunk or Treat

Come join in the festivities as we decorate our cars and hand out candy to the ghosts, ghouls and princesses **TONIGHT from 5:00-7:00 pm!** We'll also enjoy doughnuts, cider and grilled hotdogs. We'll have a Haunted Forest put on by the Shelter 7 crew, games to play (ghost in the graveyard, etc.) and other fun things to do.

This is a popular neighborhood outreach event, so we're hoping that many of our members will come out and participate. If you have questions, please talk to me before you leave today!

We'll See You Tonight!

Prayer Requests

Please continue to pray for **the father of Terry and Paula's son-in-law Greg**. He is back in the hospital, the cancer is in his bones and he is in much pain. They got his white blood cell back to where it was when they started the chemo, but the prognosis does not look good.

Mike Glenn's father, **Pete Glenn** has been diagnosed with inoperable lung cancer. Please pray for recovery, and strength and comfort for the family at this time especially his mother, Sally Glenn. Radiation and Chemo begins soon.

Copier Information

Recently a few of our members have had trouble getting the copier to work for them. I've talked with Paula, our copier "guru" and this is what she says:

"If you're having trouble getting the machine to print, take the paper out - fan it - and make sure the paper in the tray is pressed down firmly in the middle and all the way around the edges. This helps to separate the pages and prevents jamming and other issues." -Paula

If you ever have problems with any of the equipment in the building, please let me know and I'll be happy to make sure we get the issue corrected as soon as possible!
