

Welcome

Welcome to the Ann Arbor Church of Christ! We are so glad God brought you to us today and it's our prayer that He will use us to bring you even closer to Him.

During our Sunday morning worship hour we offer a Bible-based worship program for children ages 3 through 1st Grade, and 2nd-4th Grade. Children who wish to participate will be dismissed after the Lord's Supper. There is also a cry room for training small children in the back of the auditorium where you and your children can still see and hear the service.

If you would like to know more about us, our services, or our ministries, one of our shepherds or ministers will be happy to talk with you. We would love to help you in any way we can!

Perception: Something to think about...

Washington, DC Metro Station on a cold January morning in 2007. The man with a violin played six Bach pieces for about 45 minutes. During that time approx. two thousand people went through the station, most of them on their way to work. After 3 minutes a middle aged man noticed there was a musician playing. He slowed his pace and stopped for a few seconds and then hurried to meet his schedule.

4 minutes later: the violinist received his first dollar: a woman threw the money in the hat and, without stopping, continued to walk...

6 minutes: A young man leaned against the wall to listen to him, then looked at his watch and started to walk again.

10 minutes: A 3-year old boy stopped but his mother tugged him along hurriedly. The kid stopped to look at the violinist again, but the mother pushed hard and the child continued to walk, turning his head all the time. This action was repeated by several other children. Every parent, without exception, forced their children to move on quickly.

45 minutes: The musician played continuously. Only 6 people stopped and listened for a short while. About 20 gave money but continued to walk at their normal pace. The man collected a total of \$32.

1 hour: He finished playing and silence took over. No one noticed. No one applauded, nor was there any recognition.

No one knew this, but the violinist was Joshua Bell, one of the greatest musicians in the world. He played one of the most intricate pieces ever written, with a violin worth \$3.5 million dollars. Two days before Joshua Bell sold out a theater in Boston where the seats averaged \$100.

This is a true story. Joshua Bell playing incognito in the metro station was organized by the Washington Post as part of a social experiment about perception, taste and people's priorities. The questions raised: in a common place environment at an inappropriate hour, do we perceive beauty?

Do we stop to appreciate it? Do we recognize talent in an unexpected context? One possible conclusion reached from this experiment could be this: If we do not have a moment to stop and listen to one of the best musicians in the world, playing some of the finest music ever written, with one of the most beautiful instruments ever made.... How many other things are we missing?
